Mr. and Mrs. Parker left on the midnight train for a bridal tour through the West, after which they will make their future home in this city.

after which they will make their future home in this city.

Mr. George F. Manley and Miss Maud Withrow were married here Wednesday evening at the parsonage, by Rev. M. L. Wood, of the Baptist church. Mr. and Mrs. Manley are both from Alleghany county. They left on the evening train for eastern cities, and after their return will make their future home in Clifton Forge, where the groom is engaged in business. Monday night, the West Augusta Guards had a most interesting mee ing, when they elected Sergeant Elliott V. Peaco as lieutenant of the company. The first names put in nomination were those of Sergeant Major E. U. Black and Sergeant Charles Shuey, but after seven ballots the deadlock remained unbroken, and finding that it was impossible to elect either of the two candidates named. besides the members of the families of the bride and groom, only a few intimate friends were present. The ceremony was a beautiful one, and the breakfast following was served in elegant style. Miss Phillips, the bride, was very popular in society here, and will be greaty missed in St. Georga's Episcopal Church, in which she was an earnest worker, Mr. and Mrs. Myers are now enjoying their honeymoon at Northern points, and will, upon their return, reside in Washington. The College Dramatic Club entertained a large audience in College Hall on Priday night, when two interesting sketches were given, one entitled "Sweethearts," in two acts, and the other "The Committee on Matrimony," in one act. The young people representing the different characters acquitted themselves admirably. The funny parts of the comedies were all well brought out, and the amusing situations were heartly enjoyed and encored by the appreciative audience. The club has among its members some amaturs of decided talent, and the plays pre-

Another organization of the college which afforded much pleasure on this occasion was the spiendid organized orcheytra, which played a number of popular airs during the evening.

Captain William Hethorn, who lost his residence in Lunenburg county by fire a few weeks ago, is preparing to build a a very handsome modern house on the site from which the other was burned. Efforts were made to induce Captain Hethorn to locate here, but they proved fruitless, as it seems he prefers to remain in the country.

Several prominent families from Brunswick county have moved here during the past year, and others are preparing to make this place their home. There will also be some from Lunenburg who will move here in the near future, and others are contemplating the change.

Strong efforts are being made to have the Baptist denomination to locate one of their auxiliary female schools here, with good prospects of success. A beautiful site, with ample grounds, has been offered, free of cost, besides other assistance. The matter will come up before the Executive Committee of the association, which meets in Staunton in the near future, and it is hoped some definite action will then be taken.

One thing greatly in favor of this place is the pronounced success being met with by the schools already here. The Blackstone Female Institute, the large Mothodist school, has for the past three sessions had more applicants than they could accommodate. They have over 250 hourders. The Hoge Academy, a male school, and a part of the Presbyterian system, named for the late venerable Dr. Hoge, of Richmond, is also meeting with success, they having an increase this session over last year.

He is, of course, not a candidate for re-election to the Legislature.

Rev. E. T. Smith, of Richmond College, will preach at the Baptist Church here on Sunday. This church is now without a regular pastor, its former pastor, Rev. W. M. Seay, having left the first of this month to take a further course at the Louisville, Ky., Theological Seminary.

The church is now in correspondence with a well known minister, and hopes soon to have a regular pastor.

Reports from those who have been investigating are to the effect that there are a great number of birds in this section. It is said the game law has not been regarded by many, and that a great number of birds and turkeys have already been killed. There are still, however, many left for the regular season, which will open the 1st of November. There are yet many young birds, which indicates that two broods were raised by the mothers.

GREENSBORO, N. C., October 24.—
Mr. W. G Clements, a large lumber dealer of Martinsville, Va., has moved the entire business of the Martinsville Lumber Company to Greensboro, and has established an extensive wholesale lumber business on the main line of the Southern Railway, near the Greensboro Spoke and Bending Works. The business has a large capital, and will be conducted under the name of the Clements Lumber Company, Mr. Clements has an interesting family, who are now comfortably domiciled on East Gaston Street.

Mr. C. W. Jennings is removing an unsightly sheet fron structure from the lot on Main Street, recently purchased of Mrs. E. C. Watlington, and will at once erect a handsome three-story brick business block thereon.

cause of failure of arrival of macrorecessary for the crossing at Revolution
Mills.

This material has arrived, but now
another delay is necessary to give the
railroad time to get through the red
tape process of experts examining the
railroad crossing at the mills before permission is given by them for the crossing. As soon as these preliminaries are
completed the schedule can be put on to
White Oak in twenty-four hours.

There is a regular army of wrkmen,
composed of carpenters, brickmalers,
bricklayers and plumbers, at the White
Oak Mills, the force last week being increased from 400 to more than 500 men.
Five large brick buildings for the factory, the main one covering eleven acres
of ground, are reaching the rooting stage.
Besides this, about two hundred of the
six hundred residences to be built for
the operatives have been completed, and
many of them are occupied by families
of workmen engaged in the building operations. These mill settlements, when
completed, will require a population of
Greensboro, as well as its legitimate population, for they will all have to be newcomers, there being no unemployed people now here. The cigar factory here now
is advertising earnestly for 500 additional
employes at excellent wages.

(Special to The Times-Dispatch.)

EAST NORTHFIELD, MASS., Oct. 24.—
Mr. W. R. Moody, who is carrying on
the educational work begun at Northfield by his father, D. L. Moody, announces that he expects two new buildings for the schools will soon be under
way. One of these, a new dining half,
is to be located at Mount Hermon, the
other, a science half, at Northield Seminary. Already \$55,000 has been subscribed
for the purpose, and the work will be
started as soon as sufficient more has
been collected to guarantee their completion.

The need for both buildings has long
been apparent, ar he Northield schools,
in the last ten "s. have far outgrown
their carry equipment. And, although the
total student enrollment of last year wal

about 1,200, at the same time hundreds of others had to be turned away because of the lack of accommodations. It is further estimated this year that for every vacancy in Northfield Seminary there were seven applicants, while at Mount Hermon the ratio of applicants to vacancies is approximately Tour to one. From this number only those men and women are chosen who are not only industrious and ambitious, but who do not have sufficient means to go to more costly schools. That thus is the class of students who are there is shown in the annual report of the principal of Northfield Seminary, which reads: "Two-fifths of our girls have no high school within readi; one third are from towns of 5,000 inhabitants or less and nearly one-fifth are farmers uaughters. Two-fifths have lost either tather, or mother or both. One-third are girls who have done nothing toward self-support. Twenty-seven are paying their own way and ten others are meeting their expenses in part, while fifty-seven more are being assisted by the Students' Ald Society and scholarships."
